Young Alcoholics: A Study of Psychological and Physiological Factors, C.M. Rosenberg, PhD

1971

Morbidity in an Australian Rural Practice, R.E. Coolican, MD

The Caudate Nucleus and Arousal, R.J. Kirkby, PhD

1972

Conditioning in Relation to Personality and the Results of Aversion Therapy, R.F. Barr, MD

1973

An Epidemiological Study of Acute Carbon Monoxide Poisoning in an Urban Population, J.S. Smith, MD.

1974

Early Parental Deprivation and Later Behavioural Outcomes: Cluster Analysis Study of Normal and Abnormal Groups, K.M. Koller, MD

1975

The Doctor as an Agent of Change: An action oriented Epidemiological and Sociological Study of the Health of a Rural Aboriginal Community, Max Kamien MD

1976

The Language of Psychiatry in a Preliterate Speech Community, R.D. Morice, MD

A comparison of the Meaning of Some Emotional and Personal Concepts in Normal and Disturbed Families, S.E.M. Owen, MD

The Investigation of Neurological Factors in Stuttering, P. Quinn, PhD

1977

Parental Antecedents to Depression, Gordon B. Parker, MD

Some Endocrine and Psychological Aspects of Perimenstrual Symptoms, John W. Taylor, MD

Life Event, Stress and Neurosis, Christopher Tennant, MD

1978

Aborigines on the Move: Personal Adjustment in the Resettlement of Aboriginal Families: A Psychosocial Study, Ian S. Mitchell, PhD

The State of Risk for Psychiatric Illness in the Tribes of North Australia, H. Eastwell, MD

Clinical Study of Heterosexual Male Transvestism, N. Buhrich, MD

1979

Developmental Hyperkinesis, Florence Levy, MD

The Influence of Bereavement on a Number of Behavioural and Biological Variables, Roger Bartrop, MD

1980

Stuttering and the Control of Speech: A Systems Analysis Approach, Megan D. Neilson, PhD

1982

Studies in Allusive Thinking, Michael S. Armstrong, MD

Maternal Overprotection, Gordon B. Parker, PhD

1983

Brief Psychotherapy in General Practice: A Controlled Prospective Intervention Trial,
H. Brodaty, MD

1984

MUNGO: a archaeobiographical study, Research in Australian Pre-History, Barry Wright, PhD

1985

The Prevention and Prediction of Relapse Following Behaviour Therapy for Stuttering,
A. Craig, PhD

1986

The Contingent Negative Variation and Response Parameters: A Motor Programming Perspective,
John Prescott, PhD

1987

*An Analysis of Behavioural and Physiological Factors Influencing Compliance with Fluid
Restrictions in Dialysis Patients*, B. F. Oldenburg, PhD

An Information Processing Analysis of Skill Acquisition in a Treatment Program for Stuttering,
Anne-Marie Feyer, PhD

A Study of Maternal Anxiety, Bryanne E. W. Barnett, MD

1988

An Inquiry Into Panic and Its Differentiation from other Types of Anxiety, Phoebe Holt, PhD

*Clinical Studies in Pathological Gambling: Is Controlled Gambling an Acceptable Treatment
Outcome?*, Alexander Blaszczyński, PhD

*Psychometric and Biochemical Indices of Psychiatric Vulnerability: Electrophysiological and
Psychological Correlates*, Philip B. Ward, PhD

1989

Just Happy Myths & Realities of Aboriginal Health in Isolated Australia, E. Hunter, MD

1990

High Interpersonal Sensitivity as a Vulnerability Factor to Neurotic Depression, P. Boyce, MD

Allusive Thinking in Parents of Schizophrenics, S. Catts, MD

Antenatal Emotional Attachment: Its Nature, Determinants and Significance, J. T. Condon, MD

Agoraphobia: Its Nature, Development and Treatment, John Franklin, PhD

Interpersonal Relationships and Depressive Disorders, Ian Hickie, MD

A Neuroendocrine Study of Depression, P. B. Mitchell, MD

Studies in Maori Ethnopsychiatry, Perminder Sachdev, PhD

1991

Sex Differences in Depression, K. A. Wilhelm, MD

Patient Satisfaction with the Service, Treatment and Management Provided by a Mood Disorders Unit, Kerrie Margaret Eyers, MPH

1993

Psychosocial Factors Predicting Recurrence in Breast Cancer Patients: Neuroimmunological Correlates, Maryanne O'Donnell, MD

1994

Appraisal of Danger in Agoraphobics and Social Phobics, Richie Poulton, PhD

Mainstreaming Psychiatric Admission, Graham Roberts, PhD

Abnormalities in Bonding, Early Separation Anxiety and Risk to Adult Panic Disorder-Agoraphobia, Derrick M. Silove, MD

1995

Empirical Studies of Ego-mechanisms of Defence: Issues of Reliability and Validity, Christopher J. Pollock, MD

An Evaluation of Mental Health Service Delivery in an Inner City Area, Maree Teesson, PhD

1996

Cognitive Event-Related Potential and Neuroanatomical Correlates of Auditory Hallucinations in Schizophrenia, Charlene Levitant, PhD

1997

Development of a Measure Profiling Problems and Needs of Psychiatric Patients in the Community, Y-C Chea, MSc

The Relationship of Obsessive Compulsive Disorder to the Anxiety Disorders, R. Crino, PhD

The Long-Term Outcome in Anxiety Disorders, Caroline Hunt, PhD

Ethnographic and Western-Based Approaches to Assessing Psychiatric Symptoms in Vietnamese, T. Phan, PhD

A Typology of Depression in Old Age, John Snowdon, MD

1998

A Controlled Evaluation of Psychological Treatments for Anorexia Nervosa, Jillian Ball, PhD

Separation Anxiety in Adulthood, Vijaya Manicavasagar, PhD

2000

A Cognitive, Imaging and Neurochemical Study of Depression, Marie-Paule Austin, MD

The Neuropsychiatric Complications of Coronary Artery Bypass Graft Surgery, Stuart M. Browne, MD

Psychological and Genetic Influences on the Development of an Immune Response, Alison J. Smith, PhD

The Twilight Years: a Comparative Investigation into the Psychosocial Well-being of Aged Jewish Holocaust Survivors, Refugees and Australian/English Born Elders Living in Sydney, Australia, Charmaine Joffe, PhD

Families and Depression: 25 Year Outcome of Spouse and Children of Depressive Cohort, Carmelle Peisah, MD
