

Initial notice- Short Course in Sexual and Reproductive Health

- ❖ Are you working to improve sexual and reproductive health outcomes for men and women in your region?
- ❖ Would you like to hear the latest on what is effective?
- ❖ Do you want support to develop and implement your ideas?

The School of Public Health and Community Medicine at UNSW would like to invite you to Sydney in Spring for this exciting new short course...

Gender Health in the Asia Pacific Region: Implementing Best Practice in Sexual and Reproductive Health

28, 29, 30 September 2006

(immediately following the 37th Public Health Association
of Australia annual conference)

What does the course involve?

- Expert plenary sessions on current topics, including safe motherhood, prevention of sexually transmitted diseases, contraceptive technologies, sexual health, gender and health etc
- Skills sessions in quantitative and qualitative research methods
- Intensive facilitated workshops to support development and implementation of proposals

Who should attend?

- Practitioners wishing to update their knowledge and skills in sexual and reproductive health
- Policy and decision makers wanting to initiate collaborations with others in the field
- Early to mid career researchers aiming to consolidate their research skills

- ❖ A small number of fellowships supported by the *Australian Research Council Asia Pacific Futures Research Network* will be competitively awarded to cover travel and accommodation costs for practitioners in low income countries in the region.
- ❖ The short course may be taken as credit towards postgraduate public health degrees at the University of NSW
